

Complete Genome Sequencing Seminar

Dear Researcher,

I would like to invite you to our seminar at the CCG. During the seminar we will discuss the unique sequencing technology of Complete Genomics as well as the applications of human genome sequencing to medical research.

Agenda:

12:00 - 12:30 **Introduction to Complete Genomics cPAL Technology and Human Genome Sequencing Service.**
Speaker: Dr. Edgar Funk, Complete Genomics Inc.

12:30 – 13:30 **Applications of Human Whole-Genome Sequencing in Medical Research.**
Speaker: Dr. Anja Teske, Complete Genomics Inc.

Date: **November 22th 2011**

Location: **Mediathek,
ZMMK-Forschungsgebäude (Building 66),
Robert-Koch-Straße 21, 50931 Köln**
